

BLAISE BAQUICHE

Your BEST choice for Cambridge

THREE reasons to Back Blaise —

EXPERIENCE at high profile

Parliamentary by-elections

As the by-election candidate for Uxbridge and South Ruislip in 2023 - Boris Johnson's former seat - Blaise secured ample national media exposure, and understands the pressure and commitment required to be an effective candidate.

UNDERSTANDS local party dynamics

Blaise stood in the GE as the candidate for Chelsea & Fulham, where he put in a solid third place performance, retaining Moving Forward status. His experience shows he can handle the dynamics of all the different levels of local government in Cambridge. He also stood in London's last local elections where he doubled the vote in Queen's Gate ward, Kensington.

Strong ENVIRONMENTAL credentials

Blaise worked in the European Parliament before moving to DEFRA after Brexit. There he advised farmers on how to financially cope following the loss of their EU subsidy payments, while also sticking to climate friendly practices.

"I will stand up for you, build up our local parties, and make sure your voice is heard"

- Blaise Baquiche

Positive Plan for Cambridge

Tackling crime to keep you safe:

Campaigning for community police hubs and to keep the police on our streets.

1

Build up our local party:

Increasing our existing team assisting Cambridge councillors and building a strong team in the local party, so we can raise funds and improve results in future local elections.

2

Fighting for funds at Addenbrooke's Hospital:

Over a decade of Conservative mismanagement has led to severe overcrowding and shocking waiting times. Blaise will hold Labour to account to fix this and he will always be your local champion fighting for our NHS.
